

Baker & McKenzie Publications and Know-How: What Sets Us Apart From the Rest

Global Product Recall Handbook (3rd Edition, 2013)

The Handbook is a user-friendly reference guide to the product recall laws and regulations for consumer products in 45 countries. It is, to our knowledge, the only book of its kind to address the recall laws and regulations of so many countries in a single source. The third edition was published in 2013 and includes chapters for additional countries in Europe, the Middle East and Africa.

Global Attorney-Client Privilege Handbook (2nd Edition, 2014)

The Handbook addresses several fundamentally important questions that our clients have told us they want to have answered – and to have readily available in a single resource on their desktops – when addressing attorney-client privilege issues in the countries around the world where their companies do business. The second edition now covers the basic principles of attorney-client privilege law and professional secrecy in 42 countries and the EU.
