# Plenary speakers

## Keynote: Key challenges and opportunities facing healthcare businesses in Asia Pacific

### Dr. Isabella Liu

Head of Asia Pacific Healthcare, Baker McKenzie  
isabella.liu@bakermckenzie.com

Dr. Isabella is the Head of Asia Pacific Healthcare Industry Group and her practice focuses on a broad range of IP issues in China, which includes patent and trademark prosecution, copyright protection, administrative and civil enforcement of IP rights, licensing, brand acquisitions and technology transfers.

### Dr. Jiaming Liu

Senior Assistant Director, Regulatory Engagement,  
Development & Standards, Ministry of Health

Dr. Jiaming is currently the Senior Assistant Director on Regulatory Engagement Development and Standards Health Regulation Group of the Ministry of Health. She has successfully set up and led the new unit to develop data analytics and risk assessment capabilities, adopt and integrate behavioural insight tools in licensing and enforcement and implement targeted engagement strategies. Furthermore, she managed the team to create regulatory sandboxing programme (LEAP) for innovative healthcare models. Prior to this, she was the Assistant Director for Health Products Regulation Group at Health Sciences Authority.

### Dr. Bhume Bhumiratana

Senior Consultant, G-ABLE

Dr. Bhume is a distinguished cybersecurity and blockchain technology expert. He attained his Ph.D. from University of California, Davis in 2009, with specialization in Application Security Design, Privacy Design and Implementation, and Modern Cryptography. A notable lecturer and researcher at the Department of Computer Engineering at King Mongkut's University of Technology from 2009-2014, he is currently a Senior Consultant at G-ABLE, a leading IT company in Thailand, where he develops new business optimizations focusing on security solutions. One of his prominent projects was advising the Thailand government about the Cybersecurity Act.

### Ben McLaughlin

Head of Global Healthcare, Baker McKenzie  
ben.mclaughlin@bakermckenzie.com

Ben is a Partner in the Baker McKenzie Sydney office and head of the Global Healthcare Group. With over 25 years' experience in advising leading Australian and international public companies on mergers and acquisitions, and equity capital markets, Ben is rated by Chambers and Best Lawyers as one of Australia's best M&A lawyers. He conceptualized the Baker McKenzie Healthcare MapApp, an acclaimed mobile application that enables clients to access over 1,000 pages of legal summaries.

### Kee Haw Wong

Healthcare Solutions Leader, IBM ASEAN

Kee Haw is part of IBM ASEAN's Healthcare Industry Solutions team focused on bringing industry specific solutions, expertise and thought leadership to market with healthcare providers and practitioners in the ASEAN region. Having worked with numerous healthcare providers and organizations in Singapore over the last 9 years through the many transformations in Health IT, Kee Haw has never been more excited on how technology today has a definitive opportunity to transform the way patient care is delivered.

# Plenary speakers

## Prioritizing compliance in the digital world: Cybersecurity

### Celeste Ang

Principal, Baker McKenzie Wong & Leow  
[celeste.ang@bakermckenzie.com](mailto:celeste.ang@bakermckenzie.com)

Celeste's practice encompasses corporate litigation and arbitration, both domestic and cross-border. She also has significant experience advising clients in various industries such as energy, oil and gas, and medical devices, on compliance and regulatory issues and investigations.

### Gino Bello

Senior Director Technology, FTI Consulting

Gino is a Senior Director in the Technology segment at FTI Consulting and is based in Singapore. A computer forensic expert and certified Computer Examiner, Gino specializes in forensic collection, analysis and expert reporting of digital evidence. With over 14 years of experience in computer forensics, cyber, legal technology and IT, he has led a broad range of matters including large-scale, cross-border disputes and arbitrations across a wide range of sectors.

### Ken Chia

Principal, Baker McKenzie Wong & Leow  
[ken.chia@bakermckenzie.com](mailto:ken.chia@bakermckenzie.com)

Ken has more than 20 years of practice in the areas of IT, telecommunications, intellectual property, trade and commerce, and competition law matters. He routinely assists clients, mostly governments and multinational corporations including healthcare companies, in large-scale procurement, outsourcing and regional transactions, and provides sound advice on privacy and e-commerce matters.

### Chong Jin Ng

Assistant General Counsel, GlaxoSmithKline

Chong Jin is the current Assistant General Counsel of GlaxoSmithKline, a global healthcare company with an annual turnover of approximately GBP 28 billion, supporting the company's pharmaceutical, consumer business as well as R&D and manufacturing operations in the Asia Pacific region. He is also the co-chair for GSK's Legal Centre of Excellence for Asia Pacific matters as well as Competition Law for International markets. Previously, he has worked with GE Healthcare as its Senior Counsel for Medical Diagnostics and with Merck as its Legal Director for South Asia.

### Anne Petterd

Associate Principal, Baker McKenzie Wong & Leow  
[anne.petterd@bakermckenzie.com](mailto:anne.petterd@bakermckenzie.com)

Anne's practice specializes on technology, telecommunications, and consumer and commercial law issues. She handles projects involving large-scale IT supplies and focuses on retail, telecommunications and financial services sectors, which often involves new business models and test regulatory issues.

# Breakout session speakers

## Breakout 1: Digital innovation

### Dhiraphol Suwanprateep

Partner, Baker McKenzie  
dhiraphol.suwanprateep@bakermckenzie.com

Dhiraphol is a Partner in Baker McKenzie's Bangkok office, where he is head of the IT/Communications Practice Group and co-head of the Intellectual Property Practice Group, with significant knowledge in e-commerce and telecommunications law. Dhiraphol has extensive experience advising clients across a wide range of industry sectors, including healthcare clients and hospitals, on data privacy and IT issues.

### Ken Chia

Principal, Baker McKenzie Wong & Leow  
ken.chia@bakermckenzie.com

Ken has more than 20 years of practice in the areas of IT, telecommunications, intellectual property, trade and commerce, and competition law matters. He routinely assists clients, mostly governments and multinational corporations including healthcare companies, in large-scale procurement, outsourcing and regional transactions, and provides sound advice on privacy and e-commerce matters.

### Ren Jun Lim

Associate Principal, Baker McKenzie Wong & Leow  
renjun.lim@bakermckenzie.com

Ren Jun represents local and international clients in both contentious and non-contentious intellectual property matters. In addition, he keenly advises on a full range of issues relating to the healthcare industry. These include regulatory compliance in respect of drugs, medical devices, health supplements, food products and cosmetics; clinical trials; product liability/recall issues; data exclusivity; patent linkage; competition; and anti-corruption issues.

### Yuthana Sivaraks

Partner, Baker McKenzie  
yuthana.sivaraks@bakermckenzie.com

Yuthana is primarily active in the administrative, government project, public-private partnerships, corporate and commercial practice areas. He also has background in information technology and telecommunications, and intellectual property practice areas. He is especially experienced in assisting clients, including healthcare clients, with administrative law and contracts matters and government procurements, and advises on challenging decisions made by government authorities in administrative court. He also advises on clinical trials for international and local companies and on reimbursement of medical expenses under the laws of welfare in relation to medical expenses and the National List of Essential Medicines.

### Kee Haw Wong

Healthcare Solutions Leader, IBM ASEAN

Kee Haw is part of IBM ASEAN's Healthcare Industry Solutions team focused on bringing industry specific solutions, expertise and thought leadership to market with healthcare providers and practitioners in the ASEAN region. Having worked with numerous healthcare providers and organizations in Singapore over the last 9 years through the many transformations in Health IT, Kee Haw has never been more excited on how technology today has a definitive opportunity to transform the way patient care is delivered.

# Breakout session speakers

## Breakout 2: Transforming business and operating models

### Tracy Wut

Partner, Baker McKenzie  
tracy.wut@bakermckenzie.com

Tracy heads up the M&A group at Baker McKenzie in Hong Kong/China. She regularly acts for clients in complex cross-border transactions, particularly in the pharmaceuticals and healthcare sector, and navigates clients through various issues relating to investments in China.

### Clement Ngai

Partner, Baker McKenzie  
clement.ngai@bakermckenzie.com

Clement is a Partner in the Intellectual Property Group of Baker McKenzie, based in Shanghai. With his technical background, Clement is able to understand the science behind and the more technical aspects of the life sciences industry. In terms of the areas of law, he specializes in intellectual property law such as patent, trademark and trade secrets. In terms of industry, he focuses on the life science industry such as pharmaceutical, medical device, biotech and other regulated sector such as cosmetic and health food. He advises many multinational pharma clients on regulatory issues such as clinical trial, product registration, licensing arrangement, drug distribution, pricing and product liabilities.

### Fabio La Mola

Partner and Managing Director, LEK Consulting

Fabio is a Partner and the Managing Director in LEK Consulting Singapore, with a primary focus on life sciences and healthcare. He is experienced in strategy development, go-to market planning, product launches, portfolio optimization, commercial and operating model development, processes, operations and organizational efficiency.

### Julian Thurston

Consultant to the Global Healthcare Group,  
Baker McKenzie  
julian.thurston@bakermckenzie.com

Julian is a consultant to the Global Healthcare Group of Baker McKenzie. He specializes in all forms of partnering, including licenses, collaborations, joint ventures, distribution arrangements, supply chain and tech transfer, and all other forms of commercial agreement in the pharmaceutical and medtech sectors. He is highly regarded, having been in the top 10 lawyers for commercial life sciences deals in the Chambers Global guide for each of the last 10 years.
