Product regulation and safety: A new era for the UK and EU?

2.00 – 3.00 pm BST | 3.00 – 4.00 pm CEST | 9.00 – 10.00 am EDT

In this session, we will discuss some of the key issues companies supplying products in the UK and EU need to be aware of in relation to product regulation and product safety. This includes: (i) the difference the General Product Safety Regulation makes for companies (particularly those selling online and online marketplaces) and whether we are likely to see similar reform in the UK; (ii) the key product regulatory issues to be aware of in terms of AI arising from recent legislative developments; and (iii) the hot regulatory topics from a sustainability perspective. This is highly relevant not only for companies based in the EU and UK but also those in the US and other parts of the world who are shipping products to the EU / UK.
