Global Strategy

Consistency

- Ensure arguments/positions are consistent across time and geography
- Encourage consistency as between authorities – be an advocate for best practice and encourage/facilitate regulator coordination, if necessary, in complex deals
- Coordination will generate cost efficiencies

Flexibility

- Be attuned to local enforcement practices/trends
- Exploit local differences, where possible
- In-depth local knowledge helps to prioritise resources

Global Merger Control and Market Definition | Global Consistency, Locally Tailored

Be sure to address local (legitimate) variations

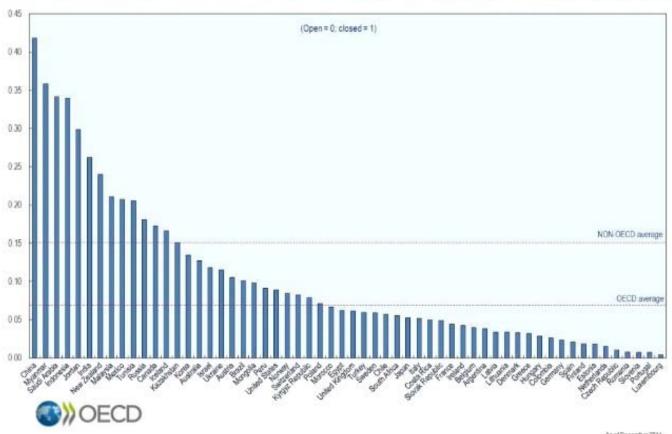

- Prior authority decisions
- Local market differences

* Less scope of manoeuvre in regional/global markets
