Case Study

Since our engagement in 2017 our approach has been to work closely with a technology company to provide an expert and cost-effective service that best addresses their needs. As part of our global corporate team across **47 countries** GCMS provides annual corporate maintenance services, including a globally coordinated solution to ensure a managed approach, clear overview and immediate accessibility of corporate data and access to our dedicated GCMS team in Belfast.

GCMS has helped mitigate against any potential corporate maintenance compliance risks by ensuring compliance certainty across all entities. We deliver **visibility and control** over corporate maintenance compliance issues and further improve our clients' risk management practices in anticipation of new regulatory and legislative requirements.

Since 2017, we have been working closely with a technology company to provide an expert and cost-effective service that best addresses their needs. In addition to the 240 annual compliance tasks we have completed globally since 2017, as a full service law firm we have been fortunate to assist the client with over **120 ad hoc requests** covering a wide range of subject matters and complexities including; director changes, company formations, Power of Attorneys, UK corporate governance reform advice and most recently a global rationalisation project, which have delivered notable successes.

Our approach is to build strong lasting relationships with our clients based on quality, trust and fully understanding their business and strategic objectives
