

Hotels, Resorts & Tourism

We have advised numerous hotels and hospitality clients across a variety of areas ranging from corporate and commercial advice and commercial agreements through to litigation and arbitration. We are experienced in all major forms of real estate and construction related agreements, master developments, ownership, etc.

Acquisitions and divestitures

We advise on local and international acquisitions and divestments of hotel, travel and tourism real estate, businesses, trusts and companies from the smallest hotel to the largest integrated resort development or chain of hotels.

Management contracts

Our services include providing a detailed briefing on the nature of the contractual relationship of hotel and resort management contracts from the outset; draft, negotiate and finalise management contracts; and review of existing management contracts in circumstances where the aspirations of the parties have not been realized.

Labour

Together with local counsel as required, we advise on all aspects of labor and benefits issues associated with operating in single and multiple jurisdictions.

Intellectual property

In particular, our services include the protection of the value of brands in structuring leases and joint venture agreements, and when clients begin operations in new markets.

Capital raising and debt funding

We assist with all aspects of capital raising and debt funding – locally and internationally – including transaction structuring, due diligence, document preparation, vetting and registration.

Real estate and development

We advise on development and construction, including land acquisition, preparation and negotiation of construction contracts and finance facilities and project management contracts.

Technology and communications

In particular, we help our clients negotiate agreements for software, hardware and technology and communications services, for a single facility or for your global network.

Tax

We advise on ways to structure and plan transactions to minimize state, national and international tax exposure.
