

Representative Legal Matters

Marcela Pirola

- Representing Colt Technology Services in the proposed sale of Lumen's Europe, Middle East and Africa (EMEA) business to Colt for USD 1.8 billion.
- Advised Carlsberg Breweries A/S on the sale of its Russian business.
- Represented Toyota Tsusho Corporation in the transaction involving the acquisition of joint control of PT. Patimban International Car Terminal by Toyofuji Shipping Co., Ltd. (a controlled subsidiary of Toyota Motor Corporation), Nippon Yusen Kabushiki Kaisha and Kamigumi Co. PT. Patimban operates and manages the car terminal business in the new international port of Patimban, Indonesia.
- Represented Itaú Unibanco in an investigation involving abuse of dominance in the banking and payment system sector in Brazil. The investigation was terminated with respect to Itaú.
- Represented Itaú Unibanco in the acquisition of a minority share in Ticket Serviços (Edenred Group). The case involved sophisticated discussions on vertical restraints and was unconditionally cleared in Brazil.
- Represented ChemChina and Sinochem in their merger. The transaction created the world's largest chemicals producer and was unconditionally cleared in Brazil.
- Assisted in the representation of Syngenta as a third party in the Dow/Dupont and Bayer/Monsanto mergers' review by the Brazilian competition authority.
- Represented Marfrig Global Foods in the acquisition of interest in BRF. Marfrig would become BRF's biggest individual shareholder. The challenge was proving the absence of input foreclosure. The transaction was unconditionally cleared in Brazil.
- Represented Mosaico in the acquisition of its rival Buscapé (Naspers Group). Proposed a new relevant market definition to the Brazilian competition authority, changing its approach to the market. The transaction was unconditionally cleared in Brazil.
- Represented Netshoes as a third party in the merger filing involving the acquisition of Nike do Brasil by SBF/Centauro. The case involved sophisticated discussions on self-preferencing and input foreclosure. The case's review was delayed and it was ultimately cleared with restrictions by the Brazilian competition authority.

- Led the negotiation of complex Leniency Agreements with the Brazilian competition authority in cartel investigations.
- Represented Pátria Investimentos' affiliates in the acquisition of several competitors in the distribution of drugs and medical supplies. Getting these transactions cleared was essential to put in place Pátria's investment funds' business plan of strengthening its presence in the Brazilian market of drugs and medical supplies wholesale.
